Beach extension at the Indian Ocean on Seychelles

## Fregate Island Private

Fregate Island Private is located just 4° south of the equator and about 55 km east of the main island Mahé. Getting to Fregate takes about 15 minutes by helicopter from the Main Airport of Mahé. As an alternative to arrival by helicopter, a boat transfer could be organised on request. The duration of the transfer by boat is about 90 minutes. However, this transfer is not recommended in the months of May to about September due to the winds. The small dream island is about 300 ha in size and is covered with tropical forest. Seven wonderful white and idyllic sandy beaches surround the island and are mostly covered with the granite rocks typical of the Seychelles and thus offer ingenious scenery. In front of the beaches there is a coral reef that starts about 15 m from the beach.

The private Fregate Island offers accommodation in 16 private villas plus the separately located Banyan Hill Estate. Each villa features a large outdoor terrace with a private swimming pool and sala, the main bedroom with an open plan bathroom as well as the living area, which could also function as a second bedroom, if required and could accommodate up to 3 children. Each villa also offers air condition, ceiling fan, safe and TV. Three of the villas are Private Pool Twin Villas and those villas each have a second en-suite bedroom, which is externally connected through a common terrace and hence offers privacy. Each villa has a personal host, who is taking care of anything required, making sure, that guests have a wonderful and relaxing holiday.

The common area of Fregate offers a restaurant with sea view, library, small boutique, a wine cellar and the Pirate's Bar, where guests can enjoy the beautiful sunset. The Bambous Beach Bar and the 2 general swimming pools of the resort can also be reached from the common area. On each of the 7 beaches of the private island you find a cooling box with refreshing drinks, loungers with towels and a fresh-water shower. In the Rock Spa on the island guests can relax during various treatments or work-out at the air-conditioned fitness room. The tropical forest of the island is crossed with about 11 km of trails, which guests can explore either on foot, by mountain bike or with an electric golf cart. To explore the island surrounds, snorkeling equipment, surfboard, kayak and stand-up paddleboard are available. Optionally, guests could also explore the surrounding islands or go fishing on one of the three sport yachts. A certified Padi Diving School allows guests to explore the underwater world. For golf enthusiasts a helicopter transfer to the Lemuria Golf Course on Praslin Island could be arranged as an option. Fregate Island Private is the ultimate beach destination and especially suitable for Family Holidays offering perfect privacy.

The Banyan Hill Estate is separately located on its own peninsula. The property comprises an open plan living area that opens onto a terrace with a private infinity swimming pool. A TV room, dining area, kitchen and a private chef are also part of the luxury at Banyan Hill Estate. Around the living area there are three en-suite bedrooms, each of which stands as a separate villa and is individually furnished with antiques from the Indian Ocean region.
